

# The KDS 2010 T&E Industry Survey

## Tell us what you REALLY think

Every year KDS conducts the most comprehensive survey in the Travel & Expense (T&E) Industry, to explore the views of Industry practitioners and end users and see how organisations are dealing with the complex issues in T&E management.

We will soon be publishing the 2010 survey, and we'd welcome your views on your main issues in managing T&E in 2010:

- Can managing your expense claims be made easier?
- How long does claiming expenses take?
- Are you still subsidising your employer?

To take part in this survey, please click here: **[KDS Industry Survey](#)**

We'll publish the results soon; we can send you these on request.

Thank you for taking part.
